BOARD OF DIRECTORS AND EXECUTIVE TEAM

29

A woman with long brown hair, wearing a black blazer, stands at a black podium, speaking into a microphone. The podium has a sign that reads "Support safe, legal abortion." and "DONATE and TAKE ACTION". In the background, a diverse crowd of people is visible, some wearing hats and sunglasses. The scene is outdoors with trees in the background.

FOR NEARLY 60

Planned Parenthood of the Pacific Southwest has thrived because supporters like you share our vision of a world where sexual and reproductive rights are basic human rights. It's a vision and purpose powerful enough to withstand the most difficult of years, driving our commitment to provide compassionate care to the people of San Diego, Riverside, and Imperial counties – and beyond – no matter what.

As the demand for services has grown, so have we. This past year our network of health centers added our largest facility to date, the Kearny Mesa Joan and Irwin Jacobs Health Center. Our 19 health centers served 121,190 patients this year, providing birth control, cancer screenings, STI testing and treatment, abortion, gender-affirming hormone therapy, coordinated care for patients whose needs go beyond sexual and reproductive health care, and so much more.

We also expanded our community outreach. Our educators reached 21,181 young people, teachers, and families through in-person sessions and via Sex Ed To-Go, our online sexual education and training platform. And our formidable advocacy team took every opportunity to deepen and expand access to reproductive rights and accurate information.

In June, the Supreme Court's gutting of *Roe vs. Wade* set off a devastating wave of abortion bans and restrictions nationwide, along with chaos and confusion surrounding who could access and provide safe and legal care. With California's strong reproductive rights protections, our

YEARS,

affiliate is in a critical position to support the many millions of people who have suddenly been stripped of access to care, a calling we are proud and prepared to answer.

We would not be able to do this work without the remarkable conviction and commitment of our staff. Their dedication to providing expert care is simply unmatched, and the reason we continue to stand strong and thrive.

In a year marked by unprecedented challenges, Planned Parenthood of the Pacific Southwest was also the recipient of record philanthropic support, including the largest gift in our affiliate's history. These investments will enable our affiliate to continue thoughtfully growing our services, infrastructure, and patient base, and meet future challenges with confidence.

Meeting this moment will require resilience, courage, and bold vision. These are the building blocks of this affiliate and this movement. With your support, we are moving forward with intention and a renewed commitment to fulfill the promise of our mission.

In solidarity,

Darrah D. Johnson *James E. Williamson*

ABORTION CARE *Stories*

Thankfully I live in an area where I could receive abortion access easily... Thank you Planned Parenthood for being here for people because at times the process seemed scary and without your wonderful and caring employees I might have felt alone.

— Melinda

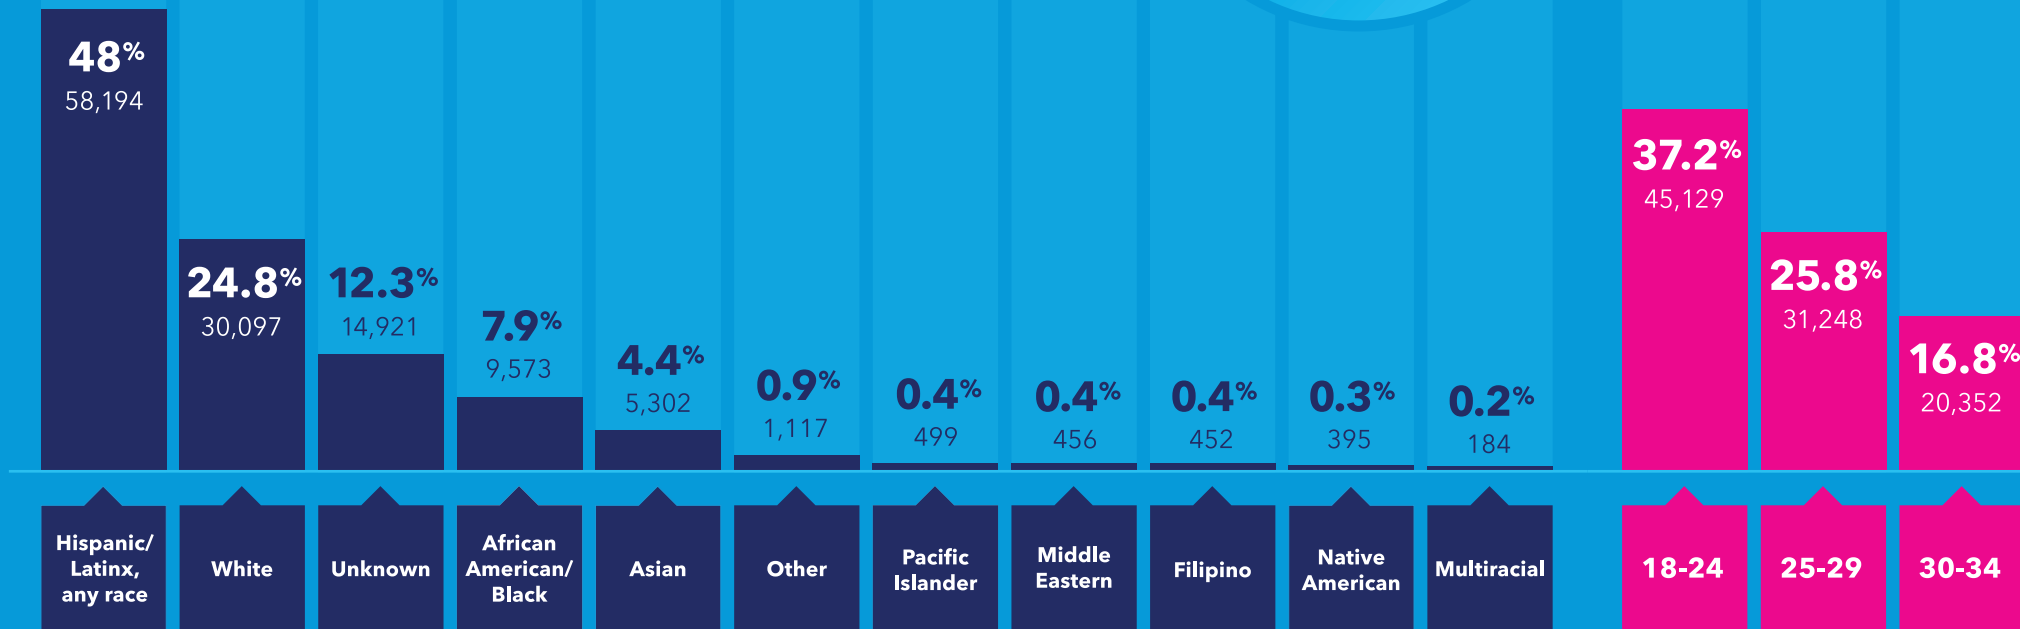

When I found out I was pregnant I knew I wanted to have an abortion, and fortunately had easy access to affordably get one. I went to Planned Parenthood and went through a nearly pain-free procedure, under the care of trained health care professionals. I have never second-guessed this decision.

— Leah

I am going to shout my abortion so that others who are having abortions or had abortions know they're not alone. Your abortion is not a taboo or a deep, dark secret; abortion is health care.

— Denise

HEALTH CARE

LEAD CLINICIAN

Masoud, Imperial Valley Homan Center

I was born and raised in Afghanistan, a country where health care is considered a privilege, therefore I have always wanted to serve underserved communities. I love working in IV because we get to serve people who really, really need us. For instance, not many people in Imperial Valley have access to gender-affirming hormone therapy or pre-exposure prophylaxis for HIV and we are able to provide those services for them.

YEAR IN REVIEW

HISTORIC BLOW TO REPRODUCTIVE HEALTH CARE

After the U.S. Supreme Court stripped away the constitutional right to an abortion in June 2022, abortion in many states across the country was thrown into a legal quagmire. While abortion remains safe and legal in California, a staggering number of people across the country have lost their right and access to this basic health care service. At our affiliate, we saw a large increase in the number of out-of-state patients after the decision. We were able to provide this surge of patients with appointments within days because we had spent more than a year planning the expansion of abortion care access.

CALIFORNIA'S EXTRAORDINARY LEGISLATIVE VICTORIES PROTECT ABORTION CARE

While many states passed laws making abortion illegal, California passed a historic package of laws and made a \$200-million investment to protect abortion access. In all, 56 legislative bills were signed into law to further protect access to abortion care, patient and youth rights, bodily autonomy, improving health equity, and decreasing health care costs for all Californians.

The days I spend providing abortion care are the most rewarding days I have spent as a physician. At Planned Parenthood of the Pacific Southwest we will continue to serve all patients who seek our full scope of sexual and reproductive health care services, including abortion, no matter which state they come from. We will be here, we are not backing down and we will not turn patients away.

// Dr. Antoinette Marengo, Chief Medical Officer

The Dobbs decision, in giving the power to regulate abortion back to the states, has led to chaos across the country for patients, providers and legal analysts. While abortion is safe and legal in California, we do not exist in a bubble. People are coming to us from states where abortion is illegal or restricted and we have to contend with the laws of each of these states to protect our providers and the agency. We are only beginning to understand the impact of these draconian laws that exist in many other states, but this turmoil won't stop us from doing everything we can to meet the needs of patients who need access to abortion.

// Tracy Skaddan, General Counsel

This has been a devastating year for reproductive rights. People of color, immigrants and refugees, young folks, LGBTQ+ people, people with low incomes, and those who live in rural areas will bear the brunt of these horrendous abortion bans.

// Vernita Gutierrez, Vice President of External Affairs

We unfortunately saw the writing on the wall and our clinical, operations, training, navigation, education, marketing and security teams had all hands on deck to ensure we were ready to expand access to abortion care and support to anyone who needed it. After the Dobbs decision, we have still been able to maintain same- or next-day access to abortion care in almost all of our health centers.

// Lori Keim, Vice President of Business Development

For many of our patients, traveling out of state is incredibly difficult. They are anxious. They don't know where to turn. There have been a lot of tears. Our team had to step up after Roe fell and make sure that hundreds of patients traveling to California from Arizona and other states had access to abortion care.

// Tessa Hemmi, Care Coordination Manager

STANDING UP FOR ABORTION CARE

Our BODIES
OUR Futures
Our ABORTIONS

Los Angeles Times

A desert oasis for abortion patients

Imperial Valley clinic sees a surge from Arizona and beyond after Roe's reversal.

BY CYNTHY CARABINO

EL CENTRO, Calif. — On a recent Monday afternoon, all the abortion appointments at Planned Parenthood Imperial Valley Health Center were already booked up for the week.

Vivian Perez, an office manager at the center, had clocked in a 12-hour day, but she remained in the office following with the schedule. She'd received a desperate call from the San Diego call center, which helps with scheduling.

"Could you please add one more?" the scheduler asked.

Knowing that the patient was probably traveling from far away, Perez managed to squeeze her in.

MLB ALL-STAR

CLAYTON KERSHAW said he tried "to take a minute or so, which I usually never do." Despite his solid effort, the A

On this night, the s

Kershaw, in a celebratory Dodger Stadium

HILL PLASCIEKE

On the night baseball really returned to

the green.

First, there was Deron Faa, who stood behind a during pregame ceremony

Thousands of people rallied and marched at events in our three-county region, showing the strength of our movement and our determination to ensure all people have access to abortion care in the face of outrageous attacks on this basic health care service.

CARE COORDINATION HELPS PATIENTS OVERCOME UNFAIR HURDLES

“

Our team helped a patient from Texas who needed an abortion.

She was overwhelmed trying to figure out how she would afford travel costs, where she would stay for the procedure, and who would be able to watch her children while she was away. After connecting with Care Coordination, our team provided support for getting to and from her appointment through our Rideshare program. We also offered hotel accommodations so she would have a safe place to recover. I'm proud that our team was able to eliminate some of her stress.

– Alyssa Dawson
Care Coordinator

”

As the hurdles to getting safe, affordable abortion care mounted this year for millions in states across the country, our Care Coordination team expanded to meet the needs of our most vulnerable patients. Many patients from Arizona, Texas, and other locations often faced an hours-long drive or flight and needed help navigating care from far away. In the month after Roe fell, we provided Care Coordination services for 210 out-of-state patients, including connecting them to financial resources, providing assistance on travel, and other forms of help they needed and deserved.

KEARNY MESA HOME TO BIGGEST SAN DIEGO CENTER, FIRST TRAINING FACILITY

In November 2021, we opened our newest and largest health center in San Diego with 13 patient care rooms equipped to see 17,000 patient visits each year, double the previous Kearny Mesa health center's capacity.

The center was named for San Diego philanthropists Joan and Irwin Jacobs, longtime supporters of Planned Parenthood's mission to ensure broad public access to sexual and reproductive health care. The Jacobses made a landmark \$10-million gift to our affiliate in 2022, providing invaluable support at a time when expanding center capacity and preparing to see more patients is critical.

Adjacent to the health center, we also opened the state-of-the-art Grant Rose Wilson Training Center, our first space dedicated to the education of reproductive health care providers.

SIGNIFICANT GIFT HELPS OVERCOME OPERATIONAL CHALLENGES

In a year marked by challenges, Planned Parenthood was honored to receive a significant gift from Gwendolyn Sontheim, a stalwart advocate for reproductive rights and access to care. This funding was critical to helping our affiliate overcome the operational setbacks incurred during the worst of the COVID-19 pandemic, and to invest in the retention and support of our hardworking staff.

HISTORIC DONATION SUPPORTS PUBLIC HEALTH EQUITY ACROSS THE COUNTRY

In March 2022, Planned Parenthood Federation of America announced a \$275-million donation from MacKenzie Scott with a portion going directly to our affiliate. This support comes at a time when access to sexual and reproductive health care is under attack like never before, especially access to abortion. Thanks to this generous gift, our affiliate was ready and able to accept patients from Arizona and beyond when the U.S. Supreme Court took away the constitutional right to abortion in June 2022.

DIVERSITY, EQUITY AND INCLUSION: BUILDING TOGETHER

Putting Belonging and Equity at the Heart of Our Mission

Planned Parenthood of the Pacific Southwest continues our work making sure equity and inclusion are at the core of who we are as an organization.

In the last year, we launched our Patient Experience and Health Equity Steering Committee, centered our new strategic plan around equity and belonging, and developed dashboards for reviewing clinical outcomes by demographic and regional data. We also upgraded electronic health records to better capture data on sexual orientation and gender identity.

We are now ready to set more concrete goals, assess progress and gaps, develop a more structured plan, and move toward wider accountability.

Celebrating diversity and prioritizing equity in all that we do is a long journey. It takes time and courage to recognize and dismantle systems that don't serve our communities, and even more vision, discipline, rigor, compassion, and fortitude to build new, more inclusive and equitable models for our organization. It is critical that we lean on our In This Together values while we continue to hold ourselves and each other accountable. It is important, too, that we remember that grace, kindness, humility, and patience – combined with a clear sense of purpose, will guide us on our journey.

READY. RESILIENT. BRAVE.

59TH

ANNIVERSARY

Over 400 people attended Planned Parenthood of the Pacific Southwest's 59th Anniversary. Though the event was smaller than usual due to the pandemic, it still made an enormous impact: nearly \$1.3 million was raised for our services and programs, a phenomenal showing in a challenging year.

Members of the Honorary Committee and their guests gathered at Omni La Costa Resort and Spa to stand with Planned Parenthood, raising more than \$358,000 thanks to a generous anonymous supporter's match challenge. Chaired by James Williamson and Geoff Kors, the evening was a celebration of our movement's resilience and a rallying cry to continue fighting for a future where all people can determine their life's path. Writer Merritt Tierce delivered thought-provoking remarks about her own unplanned pregnancy, which she wrote about in the groundbreaking *New York Times Magazine* essay "The Abortion I Didn't Have."

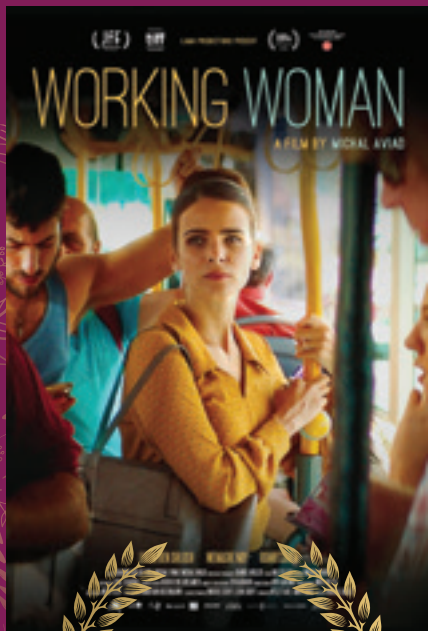

15

REEL WOMEN'S FILM FESTIVAL BRINGS SUPPORTERS TOGETHER

The Reel Women's Film Festival was held in a virtual, streaming format in 2021, bringing together supporters throughout our tri-county region and beyond over the course of two weeks for an impactful film lineup. The event showcased three engaging feature films and raised more than \$65,000 to support high-quality, compassionate sexual and reproductive health care services. This festival is preparing to mark its 10th anniversary this year.

List as of June 30, 2022

** Deceased*

**Please consider including
 Planned Parenthood of
 the Pacific Southwest in
 your will.**

**Planned Parenthood of the
 Pacific Southwest is a
 tax-exempt organization.
 Any bequest is fully
 deductible for federal estate
 tax purposes and our tax ID
 number is 95-6111785. To
 plan a bequest or if you have
 any questions, please contact
 the Development department
 at 619.881.4626.**

REALIZED BEQUESTS

**Planned Parenthood of
 the Pacific Southwest
 remembers fondly and with
 deep appreciation donors
 who are no longer with us yet
 continue to provide support
 through their estate plans as
 members of the Legacy
 Circle, founded in 1963.**

“
Choosing to have an abortion was the best decision of my life. The first feeling I felt after having my abortion was a sense of peace and relief that I hadn't felt since I learned I was pregnant...I had a lot of barriers, but I am one of the lucky ones. In the end **I was able to get my abortion.**

Jessy Rosales
